How Your Review Is Conducted?

STEP 1: WAFR Overview Session

- Engage in a **30-minute** consultation with our Solutions Architect.
- We explain the WAFR process and scope, and answer any questions you may have.

STEP 3: WAFR Findings Report and Presentation

- Receive a detailed report with high-risk and medium-risk findings.
- We present findings and recommendations and discuss an improvement plan within a **60-minute** session.

STEP 2: Onboard Automation Tool

- Connect your AWS accounts to an AI-powered tool configured for Fintech workloads.
- Enable automated and secure data collection and analysis.
- Audit operations for compliance with the six pillars of the AWS Well-Architected Framework.

Next Steps: Remediate

Based on the report findings, Cloudeelligent helps you resolve issues to support your business. You can:

- Decide to implement recommendations and receive up to \$5,000 AWS credits per workload. (Actual remediation work performed by Cloudeelligent may have associated costs.)
- Perform periodic checks on the assessment to enhance your score and work on recommendations.
